MINUTES

The group convened at the Hillsborough Park & Ride at 9:00am.

Chair Brett Cherrington displayed a map of the Philbrick Conservation Easement to familiarize the group with the lot to be walked.

The group then proceeded by carpool to the easement location (Map 3 Lot 23) on Colby Hill Road.

The Commission's easement boundary marker tags, nails, and hammers were distributed and the assembled group donned snowshoes and walked the perimeter of the easement repairing or replacing tags along the way.

Midway through the walk, Brett Cherrington spoke to the group giving some background information about the easement.

Following the walk, there was a brief discussion about the display of NRI maps at the upcoming town meeting. The consensus was to display the Conservation Lands and Significant Wildlife Habitat Resources maps.
