Adam – aye, Sue – aye, Jon – aye, Brett – aye

Vice-Chair: Sue nominated Adam Charrette, Jon 2nd, no other nominations.
Jon – aye, Sue – aye, Brett – aye, Adam – aye

Electric vehicle charge station presentation review

General consensus was that it went well.

Jon wondered about Becky's answer to the Eversource running lines for free – we had previously been told (1/28 minutes) that if we paid for the first, Eversource would run lines for up to 10 additional stations for free. Becky didn't know about it, but we looked it up and we had heard that information straight from Eversource so presumably that is correct.

Brett noted that they recommended we get a regulation to require conduit installation when doing parking lots, paving, etc. so then the wiring is easy to run later if and when someone wants to put in a charger.

Brett: Talk to Laura to about buying vehicles off the state list? Jon thinks they do regularly check that list, particularly for vehicles that are “standard” like a pickup truck, etc.

Town meeting

Our warrant article was passed with no discussion. Thanks to Adam and his work and introduction.

Building Efficiency

No update.

Auditing software

Town staff was busy getting ready for town meeting, so asked to postpone working on that.

LED lights

Now that it was approved, the selectmen need to put the job out to bid. We expect that we'll need to be the driver on getting this going. Adam has submitted a quote sheet that Henniker used to the town administrator. We also want to look at whether certain lights are extra or missing, and have some sort of standard for deciding which intersections should have lights.

Next meeting: March 25th, 6:00PM.

Meeting adjourned at 6:41 PM, motion to adjourn by Sue, seconded by Jon. Roll call vote: Adam – aye, Jon – aye, Brett – aye, Sue - aye.

Respectfully submitted,
Jon Daley
