

1/22/15 Meeting Minutes-Approved 2/26/15

In Attendance: Chairman, Steve Venezia Robyn Payson, Alan Urquart, Bob Hassett and Jane Williams

Excused: Doug Hatfield and Laurel Boivin

Guest: Mike Tardiff

Meeting was called to order at 9:00am

Mike Tardiff – Initial results that there is 237 gross parking spaces and over the course 4 days (12/17,18,19 & 20<sup>th</sup>) at 4 different spots the demand never exceeded 100 cars. What this tells us is 1 – signage could be an issue and in front of certain venues parking can be tight. Jane suggested once signage is install to list number of steps to certain establishments. Plowing and snow management needs procedures throughout the town. A re-count is to be done in May and Mike suggested using his engineers to place signs for best use. Follow up: Status of signs

Civic + Branding meeting Tuesday 10am – possible topics how to spell Hillsborough

Alan U brought up to town receiving 500K for library improvement, Still 90K short. Alan encourages members to tour the 3rd floor.

Bob Hassett – Brian Gillette – HD Grad – West Point Grad spoke and built spirit with the student body. Budget for Alt Student programs (14-22 students) is 700K – Skating rink is a big hit and also brought up that there has been heating issues and there is no alternative heat source in case one furnace is down (Middle school). It is typical to see back up furnaces in case of emergency and or maintenance.

Robyn updated the commission about the upcoming businesses coming to town.

Jane Williams brought up an “Our Town Video” to be played before town meetings and events and show all the good Hillsborough has to offer. Maybe the school could take it on?

Board Members Russ Galpin – status was questioned.

Respectfully Submitted,

Jane Williams
