VISITOR BUSINESS

1. Peter Mellen -

- a) Peter Mellen addressed the Commission on behalf of the Water and Sewer Commission. He explained that they have been directed by DES to cut and keep clear an area on the Town's treatment plant property (M 12, L 171). In order to cut it efficiently they may need to impact a small portion of the Commission's adjacent property (M 12, L 132-1). The Commission discussed the matter,

Russ Galpin moved: *To approve the Water and Sewer Commission's removal of trees as necessary on Commission property (M 12, L 132-1 adjoining the Sewer Treatment Facility).*

Linda White seconded. Motion passed 4-0.

- b) Peter Mellen also spoke as surveyor with the Commission about the plans he had prepared for the Commission of the "Lake Lot" (M 9, L 40). John Segedy reported that the Selectboard had agreed to putting the property in Conservation. Consensus was that Conservation Deed should be coordinated with filing of plan. Peter Mellen noted that he had provided copies of the plans as requested as well as a bill for work to date. -John Segedy questioned the fact that the ordinance doesn't specify whether it only applies to the part of a parcel that is over an aquifer or to an entire parcel. In addition it is not clear whether restrictions apply to the central part of the mapped aquifer (Darkest – highest transmissivity area) or also to lower transmissivity areas surrounding them.
-Terry Yeaton questioned section C, b) which allows the Planning Board (with HCC consultation) to change the aquifer boundary lines. Russ Galpin suggested that changes needed to be made by legislative body (Town Meeting).
- Linda White questioned section J regarding Existing Non-Conforming Use. The Commission discussed the constitutional requirement for such a provision.
The HCC decided to discuss this further in its June meeting(s).
